Massage Therapy Certification Exam

The NBCA Massage Therapy Certification Examination is designed to set a new and higher standard of achievement and excellence among massage therapists. Many states require that massage therapists be certified in order to obtain licensure. Exam dates are for Grand Rapids, Traverse City, Troy and South Bend Blue Heron Academy campus locations unless otherwise noted. We suggest arriving at your examination location by 1:00pm to ensure a prompt 1:30pm examination start time.

The exam deadline dates for registration are invariable. Your registration form and fee must be submitted by the deadline shown or you will not be able to sit for the exam. Registration fees are not refundable; however, in the case of an emergency, they are transferable to another exam date. An emergency constitutes a medical issue, a death in the family, etc. A conflict in your work schedule does not constitute an emergency. You must make arrangements with your employer to sit for your exam on the scheduled date. If you cannot sit for your scheduled exam date, the NBCA must be notified six business days prior to the exam. If you do not give the NBCA sufficient notice or do not show for your scheduled date, your exam will be counted as a failure.
